Subject: Tega Cay Spillage AGAIN!!!!!!!!!!!!!!!!!!!!!!

As a resident of Tega Cay I am disgusted with the performance of your department in allowing this to continue from our provider !!! The UNJUSTIFIED rate hike was approved yet the conditions of our service in Tega Cay has deteriorated beyond belief. It seems if you don't live here this is of no concern to your department. I will be asking the proper authorities to replace all of you with competent personnel who won't approve hikes of enormous proportions to a vastly underserving water and sewage provider. In addition the EPA will be made aware of just how things are operating in our area and with our State designates who should be watching out for the residents and not the service provider !!!!! I hope our local government will join in to resolve these issues as the number of incidents that continue to plague Tega Cay are far and away beyond anything reasonable or even remotely acceptable.
